

OSBORN EARLY ENTRY Kindergarten Process

INFORMATION

Arizona state law requires children to be 5 years old before September 1 in order to enroll in Kindergarten. In some cases, a child born between September 1 and December 31 may be ready for Kindergarten.

Osborn's Early Entry Kindergarten process measures a student's school readiness in the areas of academics and social-emotional to determine if they are ready to participate and learn in a classroom with students who may be up to 13 months older than they are. The screener typically takes 45 minutes and is done individually in the summer at the school.

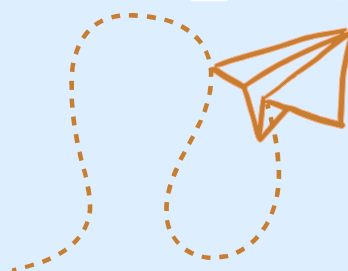

Parents who are interested should contact their school to set up a screener.
